Nature Conservation Legislative Requirements and Conditions

Legislative Requirements

ILLR01 The holder of an interaction licence must keep a record of all activities carried out under the licence. The records must include all matters outlined in section 8 of the approved Interaction Plan and must be made at the end of each day/night.

The records must be made available for inspection by a conservation officer if asked.

Conditions

CWM01 All activities are to be carried out in accordance with the approved Interaction Plan contained in and attached to Interaction Plan Fretwood Pty. Ltd. submitted to the department on 26/06/2025

CWM03 The permit holder must deliver any animal suffering from an injury or illness to a veterinarian or licenced wildlife carer within 72 hours for assessment and rehabilitation.

CWM05 The record must include information about the activities carried out under the licence and identify problems or concerns relating to animals or clients involved in the activities, for example:

1. any increase in illness or injury in the animals,
2. any incidence of aggression by animals against holder's clients participating in the activities,
3. any complaint by a member of the public about the impacts of the activity and how these problems or concerns were identified and resolved.
